

LAB ASSIGNMENT 06

(Explicit/Implicit Intent, Toast, Activity Lifecycle, Options Menu / AlertDialog)

Exercise 01

Add the three images at the bottom of the `layout_first_Page` interface (TP5 - Figure 2B):

1. Call icon: allows making a phone call.
2. Facebook logo: opens the guide's Facebook page.
3. Email icon: allows sending an email message.

A message must be displayed every time an icon is clicked.

Exercise 02

1. In the `res` folder, create a subfolder named `menu` (Figure 2).
2. Create a file named `menu_option.xml` inside the `menu` folder.
3. In the Kotlin file of `layout_first_Page`, write the Kotlin code related to the menu.
4. Add an `AlertDialog` for the `Exit` option.
