

Assignment: Britain's Historical Journey

Instructions

- Answer each numbered question below as a single, well-developed paragraph.
- Each paragraph should be 4–7 sentences long and directly address the question using your own words.
- Include one specific example from the lesson for the required parts of each question; label that example within the paragraph (for instance, “Example: ...”).
- Do not copy wording from the internet, other students, or any AI tool; any **copying** or use of **ChatGPT (or similar AI)** will receive a **zero**.
- Both **handwritten** and **typed answers** are **accepted**.
- Submit all five paragraphs in a single document.

Questions:

- **Question 1:** Write a paragraph comparing Roman and Anglo-Saxon influence on Britain, state which affected daily life more and why, and include one example of each influence from the lesson.
- **Question 2:** Write a paragraph explaining how Anglo-Saxons and Vikings could eventually unite politically despite cultural differences, using a lesson example to illustrate your point.

- **Question 3:** Write a paragraph describing one major economic or social consequence of the Enclosure Movement and explain how that consequence contributed to urbanisation, including a lesson example.

- **Question 4:** Write a paragraph explaining one reason the British considered colonisation a “moral duty” in the 19th century and one impact on colonised societies, with a supporting lesson example.
